Learning Down

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Teaching down with a treat lure in five short tries: a flop on the bedroom carpet, a slide down in the kitchen, a try on the balcony, a down on the lawn and a down that turns into a nap.

TIMELINE

0-5s	Lure to floor
5-10s	The flop
10-15s	Kitchen try
15-20s	Down on the lawn
20-25s	Down into nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Lure to floor): Bedroom in the morning, soft daylight through thin white curtains, a beige carpet and the edge of an unmade bed. The puppy sits in front of the owner, who lowers a treat straight down between his front paws. He bends his head down and follows it, his bottom lifting up in the air. Sound: quiet room, sniffing, owner says "almost". 5-10s (The flop): Same bedroom, soft morning daylight, beige carpet. The owner's hand slides the treat slowly along the carpet away from the dog. His front legs walk forward until his belly sinks down onto the carpet in a clumsy flop. The hand opens and he takes the treat lying down. Sound: soft thump, owner cheers quietly "yes, down!", crunching. 10-15s (Kitchen try): Kitchen around noon, bright daylight, grey vinyl floor, a dishwasher half open in the background. The owner crouches and lowers a hand to the floor. The puppy folds down quickly, his back legs sliding out behind him like a frog on the smooth floor, and gets two tiny treats. Sound: dishwasher clinks, claws on vinyl, owner laughs "frog legs". 15-20s (Down on the lawn): Front lawn on a sunny afternoon, short grass with clover, a low hedge and a parked bicycle at the edge of the frame. The owner kneels and points to the grass. The dog lowers himself into a down, chin up, ears wobbling, then rolls slightly onto one hip while getting his treat. Sound: birds, a car passing slowly, owner says "good down". 20-25s (Down into nap): Living room in the early evening, ordinary ceiling light on, a soft grey rug. The owner lowers a treat and the puppy goes down, eats it, then rests his chin on his paws. His eyes close slowly and he stays there, breathing deeply, while the owner's hand strokes his back. Sound: quiet room, small puppy sigh, owner whispers "that counts".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Lure to floor

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Bedroom in the morning, soft daylight through thin white curtains, a beige carpet and the edge of an unmade bed. The puppy sits in front of the owner, who lowers a treat straight down between his front paws. He bends his head down and follows it, his bottom lifting up in the air. Sound: quiet room, sniffing, owner says "almost".

Clip 2 | 5-10s | The flop

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
