Learning to Come

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Building a recall step by step: a short hallway call, a squeaky toy lure, a call around the couch, a backyard recall on a long line and a happy tug game as the reward.

TIMELINE

0-5s	Hallway call
5-10s	Squeaky lure
10-15s	Around the couch
15-20s	Long line recall
20-25s	Tug reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Hallway call): Narrow hallway in the morning, plain daylight from a doorway, wooden floor and a laundry basket against the wall. The owner crouches two meters away and pats the floor. The puppy turns from sniffing the basket and gallops toward the camera, ears flapping, sliding a little on the boards. Sound: paws scrabbling on wood, owner says "come!" in a happy voice. 5-10s (Squeaky lure): Same hallway, morning daylight. The puppy is distracted, sniffing the corner by the door. The owner's hand squeezes a small rubber squeaky toy. The dog's head pops up, he spins around and trots back, then gets a tiny treat and the toy to mouth. Sound: two squeaks, tags jingling, owner says "there he is". 10-15s (Around the couch): Living room at midday, soft daylight from a large window, a beige couch and a basket of throw blankets. The owner calls from behind the couch, kneeling low. The puppy appears around the end of the couch at a clumsy run and bumps into the owner's knees, wagging. Sound: quick padding paws, owner laughs "good come!". 15-20s (Long line recall): Fenced backyard on a cool cloudy afternoon, uneven grass with a few bare patches and a wooden fence. The puppy wears a light long line trailing on the grass. He sniffs a flower pot, hears the owner's call, and races back across the yard in a wobbly straight line. Sound: wind, birds, owner calls "puppy, come!", panting. 20-25s (Tug reward): Same backyard, cloudy afternoon, on the grass. The owner offers a short fleece tug toy and the dog grabs it, growling playfully and pulling backward with all four paws planted. The owner's hand tugs very gently for a few seconds, then lets him win and he trots off proudly. Sound: playful puppy growls, owner laughing "you win".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Hallway call

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Narrow hallway in the morning, plain daylight from a doorway, wooden floor and a laundry basket against the wall. The owner crouches two meters away and pats the floor. The puppy turns from sniffing the basket and gallops toward the camera, ears flapping, sliding a little on the boards. Sound: paws scrabbling on wood, owner says "come!" in a happy voice.

Clip 2 | 5-10s | Squeaky lure

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
