Learning Leave It

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Teaching leave it with patience: a closed fist on the patio, a hand covering a treat on the floor, a treat left alone on the step, walking past a dropped carrot and a big reward.

TIMELINE

0-5s	Closed fist
5-10s	Reward from other hand
10-15s	Covered treat
15-20s	Walk past carrot
20-25s	Jackpot

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Closed fist): Back patio on a bright morning, grey concrete pavers, a plastic chair and potted herbs. The owner holds a closed fist with a treat inside at the dog's nose height. The puppy licks and nibbles the fist, paws at it once, then pauses and backs his head away. Sound: birds, licking sounds, owner says quietly "leave it". 5-10s (Reward from other hand): Same patio, bright morning daylight, concrete pavers. As soon as the dog looks away from the fist, the owner's other hand appears and gives him a different treat. He eats it and looks back at the closed fist, then sits down and waits instead of licking. Sound: crunching, owner says "yes, good choice". 10-15s (Covered treat): Kitchen at midday, plain daylight, light wood laminate floor. A small treat lies on the floor and the owner's flat hand covers it. The puppy sniffs around the hand, nudges it with his nose, then gives up and looks up at the camera. The other hand rewards him. Sound: sniffing, fridge hum, owner whispers "good leave it". 15-20s (Walk past carrot): Same kitchen in the afternoon, daylight from the window over the sink. A slice of raw carrot lies on the floor. The owner walks the puppy past it on a short leash, saying the cue. He glances at the carrot, slows down, then keeps walking beside the owner's legs. Sound: paws on laminate, owner says "leave it... good!". 20-25s (Jackpot): Kitchen, afternoon daylight, the owner kneels on the laminate floor. The puppy sits in front of the owner, who places three small treats one by one into his mouth and ruffles the fur on his neck. His tail sweeps the floor and his ears flop back happily. Sound: quick crunching, owner says "jackpot, buddy!", tail swishing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Closed fist

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Back patio on a bright morning, grey concrete pavers, a plastic chair and potted herbs. The owner holds a closed fist with a treat inside at the dog's nose height. The puppy licks and nibbles the fist, paws at it once, then pauses and backs his head away. Sound: birds, licking sounds, owner says quietly "leave it".

Clip 2 | 5-10s | Reward from other hand

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
