Learning Drop It

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Learning drop it by trading: a tug rope trade, a soft toy fetch and drop, a sock swapped for a toy, a stick traded on the lawn and a calm drop at bedtime.

TIMELINE

0-5s	Rope trade
5-10s	Fetch and drop
10-15s	Sock swap
15-20s	Stick on lawn
20-25s	Bedtime drop

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Rope trade): Living room on a rainy morning, grey daylight through the window, a beige carpet and a toy basket. The dog holds a knotted rope toy in his mouth. The owner's hand holds a treat in front of his nose. He opens his mouth, the rope falls and he takes the treat. Sound: rain on the window, owner says "drop it, good trade". 5-10s (Fetch and drop): Same living room, grey rainy daylight. The owner rolls a small plush carrot toy across the carpet. The puppy pounces on it, carries it back with his head high and drops it near the owner's knee after a treat appears. The hand rolls it again. Sound: rain, padding paws, owner laughs "again?". 10-15s (Sock swap): Bedroom in the late morning, overcast window light, a laundry basket on the floor. The puppy has a grey sock in his mouth and trots off. The owner kneels and offers a rubber chew toy. He drops the sock to grab the toy, and the other hand picks up the sock. Sound: tags jingling, owner says "nice swap, thank you". 15-20s (Stick on lawn): Backyard in the afternoon, damp grass after rain, a wooden fence and a puddle near the patio. The puppy chews on a small twig. The owner crouches with a treat at his nose. He lets go of the twig, eats the treat, and the owner tosses the twig away over the fence line. Sound: dripping gutter, birds, owner says "drop it, good boy". 20-25s (Bedtime drop): Living room at night, a warm floor lamp on, the puppy lying on a fluffy round bed chewing a plush toy. The owner's hand reaches near and says the cue. He opens his mouth and lets the toy go without a fuss, then gets a gentle ear scratch and yawns. Sound: quiet house, a big squeaky yawn, owner whispers "good drop".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Rope trade

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Living room on a rainy morning, grey daylight through the window, a beige carpet and a toy basket. The dog holds a knotted rope toy in his mouth. The owner's hand holds a treat in front of his nose. He opens his mouth, the rope falls and he takes the treat. Sound: rain on the window, owner says "drop it, good trade".

Clip 2 | 5-10s | Fetch and drop

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
