Puppy Socialization Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A calm socialization walk: watching a bicycle go by, meeting a calm adult dog from a distance, sniffing a lamppost, hearing a bus from a bench with treats and resting on a lap.

TIMELINE

0-5s	Bicycle passes
5-10s	Calm dog at distance
10-15s	Lamppost sniff
15-20s	Bus from a bench
20-25s	Lap rest

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Bicycle passes): Quiet park path on a mild morning, soft overcast light, a gravel path lined with trees. The puppy sits beside the owner's sneakers on a short leash as a cyclist rolls slowly past on the far side. He watches with his ears up, and the owner's hand gives him a treat. Sound: bicycle tires on gravel, birds, owner says "good, just a bike". 5-10s (Calm dog at distance): Same park, overcast light, an open lawn. Far across the grass a neighbor walks a calm older Labrador on a leash. The puppy stares and wags his tail. The owner kneels beside him, feeding tiny treats while he watches, then they walk on. Sound: distant voices, birds, owner says "nice and calm". 10-15s (Lamppost sniff): Edge of the park beside a sidewalk, overcast morning light, a green metal lamppost and fallen leaves. The puppy sniffs the base of the lamppost for a long time, nose working, tail slowly wagging, while the leash stays loose in the owner's hand. Sound: leaves rustling, sniffing, distant traffic. 15-20s (Bus from a bench): Park bench near a quiet street, overcast daylight. The owner sits on the bench and the puppy sits on the grass at the owner's feet. A city bus passes on the street beyond the trees. He flinches a little, then takes treats from the owner's hand and relaxes. Sound: bus engine rumble, brakes hissing, owner says "you're okay". 20-25s (Lap rest): Same park bench, soft overcast light. The owner has lifted the tired puppy onto the lap with two hands and keeps one arm around him. He lies across the owner's legs, eyes half closed, watching people far away on the path. Sound: birds, distant chatter, a small puppy yawn.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Bicycle passes

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Quiet park path on a mild morning, soft overcast light, a gravel path lined with trees. The puppy sits beside the owner's sneakers on a short leash as a cyclist rolls slowly past on the far side. He watches with his ears up, and the owner's hand gives him a treat. Sound: bicycle tires on gravel, birds, owner says "good, just a bike".

Clip 2 | 5-10s | Calm dog at distance

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
