Puppy Class Day One

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

His first puppy class: arriving in a calm room, sniffing his own mat, watching the trainer, practicing a sit with other puppies spaced apart and a nap back home.

TIMELINE

0-5s	Arriving
5-10s	Sniffing his mat
10-15s	Watching the trainer
15-20s	Class sit
20-25s	Nap at home

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Arriving): Calm indoor training room on a weekday evening, bright ordinary ceiling lights, grey rubber floor mats and plain white walls. The owner walks in with the dog on a loose leash. He stops in the doorway, nose twitching, then takes a few careful steps in. Sound: soft voices, a door closing, owner whispers "look, a new place". 5-10s (Sniffing his mat): Same training room, ceiling lights, grey floor. Each puppy has its own square mat, spaced far apart. The puppy sniffs his blue mat all over, steps on it, then sits on it and looks up. Across the room two other puppies sit with their owners. Sound: quiet chatter, a puppy whine in the distance, owner says "good". 10-15s (Watching the trainer): Training room, bright ceiling light. A trainer in a dark fleece jacket kneels in the middle of the room showing a hand lure with a treat to a demo puppy. The puppy lies on his mat in the foreground, chin on paws, watching with his ears up. Sound: trainer speaking calmly, owners laughing softly. 15-20s (Class sit): Same room, ordinary ceiling lights, the puppy on his blue mat. The owner kneels and raises a treat. He sits right away, gets the treat, and wags. In the background a small black-and-white puppy and a beagle puppy practice sits on their own mats far apart. Sound: treat pouch zipper, trainer says "great job, everyone". 20-25s (Nap at home): Home living room at night, a warm table lamp on, the puppy asleep on his side on a grey dog bed near the sofa. His paws twitch and his belly rises and falls. The owner's hand lays a light blanket edge over him. Sound: quiet house, soft snoring, owner whispers "big day".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Arriving

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Calm indoor training room on a weekday evening, bright ordinary ceiling lights, grey rubber floor mats and plain white walls. The owner walks in with the dog on a loose leash. He stops in the doorway, nose twitching, then takes a few careful steps in. Sound: soft voices, a door closing, owner whispers "look, a new place".

Clip 2 | 5-10s | Sniffing his mat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
