# Calm Greeting Practice

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

### VIDEO IDEA

Practicing calm greetings: a visitor turns away when he jumps, then pets him when he sits, the visitor gives a treat, a neighbor practices on the sidewalk and a calm goodbye.

### TIMELINE

| | |
|---|---|
| **0-5s** | Excited hello |
| **5-10s** | Turn away |
| **10-15s** | Petting for the sit |
| **15-20s** | Neighbor on sidewalk |
| **20-25s** | Calm goodbye |

### MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Excited hello): Front entryway in the afternoon, daylight from the open door, a doormat and shoes on a rack. A friend in jeans and a green sweater steps in. The puppy runs over and jumps up at her legs, paws on her knees, tail spinning. Sound: door opening, excited whines, friend laughs "hi!". 5-10s (Turn away): Same entryway, afternoon daylight. The friend calmly turns her body sideways and folds her arms, looking away. The puppy drops back to the floor, looks puzzled, then sits on the doormat looking up at her. The owner's legs stand still by the coat rack. Sound: quiet, owner whispers "wait for it". 10-15s (Petting for the sit): Entryway, afternoon light from the door. The friend crouches down slowly and pets the sitting puppy on the chest and chin. He wiggles but keeps his bottom on the doormat. The owner's hand gives him a treat. Her hands keep moving slowly and calmly. Sound: friend says softly "good boy, you're sitting", tail swishing. 15-20s (Neighbor on sidewalk): Sidewalk in front of the house, overcast late afternoon, a low brick wall and hedge. An older neighbor in a cap walks up, stops and waits. The puppy, on a leash, sits by the owner's foot. The neighbor bends down and pats his head. Sound: distant car, neighbor says "what a polite puppy". 20-25s (Calm goodbye): Front entryway in the early evening, ceiling light on, the door open to dusk. The friend waves goodbye at the door. The puppy sits on the doormat beside the owner's legs, watching her leave, his tail sweeping slowly across the mat. Sound: friend says "bye, cutie", door closing softly.

### AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

### Clip 1 | 0-5s | Excited hello

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Front entryway in the afternoon, daylight from the open door, a doormat and shoes on a rack. A friend in jeans and a green sweater steps in. The puppy runs over and jumps up at her legs, paws on her knees, tail spinning. Sound: door opening, excited whines, friend laughs "hi!".

### Clip 2 | 5-10s | Turn away

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. ## HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
