Sniff Mat Fun

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Sniff mat fun on a quiet evening: kibble sprinkled in the mat, nose digging, finding treats, dragging the mat across the room and falling asleep on top of it.

TIMELINE

0-5s	Sprinkling kibble
5-10s	Nose digging
10-15s	Found one
15-20s	Dragging the mat
20-25s	Asleep on top

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Sprinkling kibble): Living room in the evening, warm floor lamp on, a dark wooden floor. A round green fleece snuffle mat lies on the floor. The owner's hand sprinkles kibble into the fleece strips while the puppy sits nearby, nose twitching, watching closely. Sound: kibble pattering on fleece, owner says "wait... okay!". 5-10s (Nose digging): Same living room, warm lamp light. The puppy shoves his nose deep into the fleece strips, snuffling loudly. His tail wags in circles and his back end wiggles as he works around the edge of the mat. Bits of fleece stick up wherever his nose has been. Sound: loud snuffling, crunching, quiet house. 10-15s (Found one): Living room, warm lamp light, the green snuffle mat. The puppy lifts his head with a piece of kibble on his lips, crunches it, then dives his nose straight back into the fleece in a new spot. A few strips flip up. His floppy ears hang down over the mat as he searches. Sound: crunch, snuffling, owner laughs softly. 15-20s (Dragging the mat): Same living room, warm lamp light on the wooden floor. The puppy grabs the edge of the snuffle mat in his mouth and drags it backward across the floor toward the sofa, shaking it a little, ears flopping. A couple of loose kibbles scatter across the floorboards. Sound: fleece sliding on wood, playful growl, owner says "where are you going?". 20-25s (Asleep on top): Living room near the sofa, warm lamp light. The puppy lies on top of the snuffle mat, curled up with his chin on the fleece strips, eyes closed. The owner's hand reaches in and gently strokes his head. A few kibble crumbs are still caught in the fleece by his nose. Sound: soft breathing, quiet house, owner whispers "best ten minutes".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sprinkling kibble

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Living room in the evening, warm floor lamp on, a dark wooden floor. A round green fleece snuffle mat lies on the floor. The owner's hand sprinkles kibble into the fleece strips while the puppy sits nearby, nose twitching, watching closely. Sound: kibble pattering on fleece, owner says "wait... okay!".

Clip 2 | 5-10s | Nose digging

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The owner's hand reaches in and gently strokes his head. A few kibble crumbs are still caught in the fleece by his nose. Sound: soft breathing, quiet house, owner whispers "best ten minutes".

FACEBOOK CAPTION

Ten minutes of sniffing = one very tired puppy.
Have you tried a snuffle mat?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
