Lap Nap on the Couch

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

On a rainy afternoon the puppy climbs into the owner's lap on the couch and drifts off to sleep, with yawns, a stretch and tiny dream twitches.

TIMELINE

0-5s	Lifted up
5-10s	Circling
10-15s	Big yawn
15-20s	Drifting off
20-25s	Dream twitches

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Lifted up): Living room on a rainy afternoon, grey daylight through the window with raindrops on the glass, a beige couch with a knitted throw. The owner's two hands gently lift the puppy from the floor and set him on their lap on the couch, holding him securely. Sound: rain tapping on the window, couch cushions creaking, owner says "up you come". 5-10s (Circling): Same couch in soft rainy daylight, the knitted throw over the owner's legs. The puppy turns in two wobbly circles on the owner's lap, paws sinking into the blanket, while the owner's hand rests on his side to keep him steady. Sound: rain, blanket rustling, a small puppy grunt. 10-15s (Big yawn): Close view of the owner's lap on the couch, grey daylight. The puppy settles with his chin on the owner's knee and gives a huge yawn, his little pink tongue curling, then blinks slowly. The owner's fingers scratch behind his floppy ear. Sound: tiny squeaky yawn, rain on the window, a soft hum. 15-20s (Drifting off): Same living room, rainy afternoon light, lamp off. The puppy's eyes close completely and his body goes floppy across the owner's lap, one front paw dangling over their leg, his round belly rising and falling slowly under the owner's resting hand. Sound: steady rain, slow puppy breathing, a clock ticking. 20-25s (Dream twitches): Close view in soft grey daylight, knitted throw. The sleeping puppy's paws twitch in little running motions and his lips flutter with a quiet woof. The owner's hand stays still on his back, and the camera stays steady so as not to wake him. Sound: tiny muffled dream woofs, rain, owner whispers "sweet dreams".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Lifted up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Living room on a rainy afternoon, grey daylight through the window with raindrops on the glass, a beige couch with a knitted throw. The owner's two hands gently lift the puppy from the floor and set him on their lap on the couch, holding him securely. Sound: rain tapping on the window, couch cushions creaking, owner says "up you come".

Clip 2 | 5-10s | Circling

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
